NATIONAL UNION

Delegates in Attendance at the Cincinnati Convention.

PROSPECTS OF A THIRD PARTY.

Three Thousand People Are Expected to Participate in the Deliberations of the Gathering—Two Widely Divergent Intentions.

CINCINNATI, May 18.—The advance guard of delegates to the National union convention which opens in this city on Tuesday to the number of about 200 of the 3,000 or more that is expected will participate in the deliberations of the gathering are already on the ground. Many of them are men whose rough attire, bronzed faces and horny hands betoken long acquaintanceship with the plow and harrow. Others bear names that are prominently identified with economic and radical movements.

Prominent People Present.

Among these are ex-Congressman Weller, of Iowa, more familiarly known as "Calamity Weller;" General Secretary Hayes, of the Knights of Labor; W. G. Crum, of New York, editor of The Wall Street Farmer and president of the recently formed National Union League; G. I. Washburne, of Boston, president of the Northeastern Industrial Alliance; Mason A. Greene, of the Boston Nationalist club; Col. S. F. Norton, of Chicago; W. T. Wakefield, of the Lynn, Mass., Nationalist club; John H. Crouch, of Fort Scott, Kan., brother of the deceased Oklahoma boomer, and C. C. Post, of Georgia, the Alliance leader of that state.

The Lion of the Hour.

The temporary lion of the hour is Farmer H. L. Brian, of Winn county, La., whose acceptance of a delegate's mission necessitated his riding fifty miles on a plantation pony to the nearest railroad station. His credentials bear the signatures of 1,200 grangers out of a total voting strength of all parties of 1,700 in the county. Delegates are also here from Maine, Kentucky, Texas, Tennessee, Minnesota and other states, but the full delegations will not be here until late to-night. The Kansas contingent, on a special train of ten cars, were met this morning by the reception committee, all the delegates in town and a couple of brass bands and escorted to headquarters in triumph.

Nothing But a Mass Meeting.

Despite the fact that it is styled a convention, however, it is apparent thus early that the forthcoming gathering will be nothing more than a big mass meeting. There has been no idea of conforming to a basis of representation. While it is anticipated that two-thirds of the states will be represented, yet two of them, Kansas with her 500, and Ohio with nearly as many more will control at least a third of the total votes that will be cast on every proposition. Hamilton county only furnishes credentials for nearly one hundred participants representing such elements as the Knights of Labor, Citizens' Alliance, Railway Employees' association, municipal congress, the United Labor party, composed of adherents of Henry George and the Nationalists or Bellamyites.

Prospect of Early Trouble.

A good many of the southern grangers are kicking over this condition of affairs, contending that it is unjust that after having traveled long distances in order to represent the views of their respective organizations, their votes and consequent influence in shaping the ends of the gathering should be swamped by packed delegations from nearby points. An effort is being made to bring about a feeling in favor of the adoption of the unit rule, and unless some such solution of the difficulty is found there will be trouble just as soon as the body gets down to business.

Two Different Elements Present.

As to the outcome of the conference, there is not a delegate in town who is willing to express himself with any degree of confidence or certainty. There are two widely elements with widely divergent intentions. One is desirous that the conference shall bring a new party into existence give it a name and erect it upon a platform of declarations and principles. These are mostly from the north and west. The southerners, on the other hand, deprecate hasty action, and urge that it would be more politic to simply reaffirm the views enunciated in the St. Louis and Ocala platforms, appoint an executive committee to continue the propaganda, and assemble again next spring to determine whether a third party shall be brought into existence, and if so to christen it and place its candidates in the field for the next presidential election.

Leaders of the Two Divisions.

Men like Polk, of Georgia, and Brien, of Louisiana, say that the Alliance men of their respective states, and who have hitherto been allied with the Democratic party are not yet prepared to change their political coats and go into a third party movement. On the other hand such delegates as Wells, of Iowa, and Greue, of Boston, are working hard to bring about the formal inauguration of a third party, and are asking, "What else are we here for?" It is an open secret that the Knights of Labor men who will be reinforced by general Master Workman Powderly, Lecturer Ralph Beaumont and John Devlin of the executive board are here to fight for time, with the putting off definite action until the meeting of the Farmers' Alliance in February next.

Early Beginning of the Contest.

The contest will be inaugurated on the threshold of the conference. Col. S. F. Norton and Lester C. Hubbard, publisher of The Farmers' Voice, will voice the demand for a new party, a name and a platform, to deal simply with finance, transportation and the land question. The southern element, with its Knights of Labor allies, will be willing to build

a platform out of every plank and "ism" that may be handed in if organization is deferred a few months.

Organization and Officers.

Speaker Elder, of the Kansas assembly, is the unanimous choice of the delegates on the ground for temporary chairman. Either Congressman Simpson or Senator Peffer will be the permanent presiding officer. Simpson and Gen. James E. Weaver, of Iowa, were among the late arrivals last night. The former is against a third party inauguration at this juncture, while the latter is waiting to see how the land lays.

A Personal Matter to Come Up.

James Shedd and Eugene Brown, delegates from Nebraska to the Cincinnati Farmers' Alliance, in an interview said they anticipated the biggest kind of a row during the proceeding at the third party gathering.

"President Livingstone, of the New York Alliance, will be a delegate" said Mr. Brown, "and the western states will object to his presence in the convention hall. They are opposed to him on account of the stand he took during the Peffer-Ingalls fight. He came out openly for Ingalls, repudiated the Kansas Alliance, and was forced to leave Topeka to escape rough handling at the hands of the Kansas Alliance men. Livingstone told some pretty bad stories about the western Alliance when he returned to New York, and resolutions condemning its affairs were passed by the New York and Pennsylvania Alliances.

"The Kansas men have not forgotten the Livingstone episode and resolutions to oust the New York president from the convention hall are already in the hands of some of the Kansas delegates."

Two Delegations From Minnesota.

ST. PAUL, May 18.—The attempt of Ignatius Donnelly to take a delegation to the conference at Cincinnati which will back him as a unit as the Alliance candidate for president of the United States has split the Alliance party into two bitterly warring factions, one of which is certain to withdraw from the party. Two weeks ago Mr. Donnelly as president of the Minnesota Alliance called a meeting of the executive committee, which chose nine delegates to Cincinnati with Mr. Donnelly as chairman. This action was denounced by the state central committee, which claimed the right to send delegates to Cincinnati, and Saturday that body met and named a complete delegation, composed of Sidney M. Owen, late Alliance candidate for governor; Miss Eva McDonald, the state lecturer, and one member from each congressional district. Both sets of delegates left for Cincinnati last night, and each will ask recognition as the rightful representative of Minnesota.

POISONED A FAMILY.

A One-Sided Love Affair Drives a Young Lady to Do a Desperate Deed.

INDIANAPOLIS, May 18.—Estella Morris, a young lady of respectable family, was arrested Sunday for poisoning her family and a man named Becker. When taken to the station house she admitted putting "rough on rats" in the greens, and said she did it to get rid of Becker, an old man who has been boarding with the family, and whose attentions were disagreeable to her.

She is but 16 years of age and quite pretty. Becker, she says, wanted to marry her and though she despised him her mother encouraged his suit. She says that she put the poison in the greens to get rid of him, but she does not appear to have made any effort to prevent the family from eating the poisoned food. Six persons were poisoned, but all are out of danger but Levi and Clayborn Morris, her brothers. A warrant is out for the arrest of a man named Easley, who, she says, advised her to put the poison in the food.

WHOLESALE POISONING.

Eighty People Made Sick From Eating Smoked Sturgeon.

PITTSBURGH, May 18.—About eighty cases of poisoning are reported from Sharpsburg and vicinity from eating smoked sturgeon purchased from a Pittsburg fish dealer, who visited Sharpsburg last Thursday, and sold a large quantity of smoked sturgeon at four cents below the market price.

The sickness took the form of violent headaches and stomachic pains, accompanied by almost incessant vomiting. The doctors attribute the attack to the fact that the fish was decayed when smoked, and think that the process of decomposition, temporarily arrested by creosote in the smoke, was renewed by the gastric juices in the stomachs of those who ate the stuff.

One of the cases will likely result fatally. Several of the doctors will analyze the sturgeon to discover the real cause of the poisoning.

Seven Year Sentence Passed.

HILLSBORO, O., May 18.—Judge Pugh overruled the motion for a new trial in the case of City Marshal John W. Lewis, convicted of manslaughter, and sentenced him to seven years in the penitentiary. The sentence was suspended for sixty days, and Lewis' attorneys are taking steps to have the case reviewed in circuit court.

Officers Shot While Arresting a Burglar.

YOUNGSTOWN, O., May 18.—While arresting William Sherman for burglary, Policeman Freed was shot through the body, the bullet lodging near the right kidney, and Officer Petrie had a ball planted in his left shoulder. Freed has been slowly sinking, and at the hospital it is stated that he cannot live.

Change of City Government.

COLUMBUS, Ind., May 18.—The city government was turned over to the Republicans at 7 o'clock Saturday night. At the city election, on the 5th inst., Joseph M. Graham was elected mayor, and George M. Lewellen marshal, both Republicans. It is the first time in the history of the city that the Republicans have had both the mayor and marshal.

AT PORT ACAPULCO.

Arrival There of the United States Steamer Charleston.

ESMERALDA ALSO IN THAT PORT.

The Latter Vessel Said to Have Been Refused Coal—Her Interference With the Charleston Would Probably Seal the Doom of the Insurgent Navy—The Captain of the Esmeralda Says That the Itata Will Not Be Taken Unless His Vessel Is First Sunk—A Battle Surely Expected.

WASHINGTON, May 18.—After a week's waiting some tangible news has been received at the navy department from the Charleston. First came a dispatch from Acapulco stating that the Chilean insurgent cruiser, Esmeralda, had put out of Acapulco harbor Friday, and had returned to the port Saturday.

Later, through the state department, a dispatch came stating that the Charleston had arrived at Acapulco; that the Esmeralda was still in port, but giving no news of the Itata. What the next step is to be no one at the department knows or feels free to tell. The Charleston is to take on coal, as her supply has probably nearly run out during the week's chase.

The theory at the navy department is that the Charleston, whose commander, Capt. Reiney, has orders admitting large discretionary movements, will now lie at or near Acapulco for a time, trusting that the Itata, which is a slow, seven knot ship, has not yet passed down the coast and will try to coal in that neighborhood. If she is sighted the Charleston will doubtless try to seize her. She cannot do this in Mexican waters, so that it would be necessary to head her off outside the three-mile line, or if unsuccessful in that to follow her to sea when she goes out.

What the Esmeralda will do in the meantime is problematical. Recourse to force to prevent the Charleston from capturing the Itata, however, would, it is said, be the deathblow of the insurgent cause in Chili, as the entire naval force of the United States in the Pacific, would, if necessary, be promptly called into play to destroy the insurgent navy.

Secretary Tracy said last night that he had received no new advices from the Pacific squadron concerning the Itata, and that he hardly expected to hear anything startling from that quarter for a day or two.

Admiral McCann, who has just arrived at Iquique, has been placed in command of the Pacific squadron, and will direct the movements of the Charleston in search of the Itata. He has placed his flag on board the Baltimore at Iquique, and it is understood has been instructed to capture the runaway vessel, fight or no fight.

ORDERED OUT OF PORT.

The Esmeralda Allowed No Coal at Acapulco.

CITY OF MEXICO, May 18.—The government denies the truth of published rumors that the Chilean steamer, Esmeralda, succeeded in buying even a limited amount of coal at Acapulco, but says that, on the contrary, she was ordered out of port and is now lying off the coast in neutral waters, waiting, it is thought, for the steamer Itata. The Esmeralda's steam launch was patrolling all last night.

The general opinion at Acapulco is that the Itata has passed that place and gone south.

THE CHARLESTON CHALLENGED.

The Esmeralda's Captain Says the Itata Will Not Be Taken.

NEW YORK, May 18.—A special to The Morning Journal, dated Acapulco, Mex., May 16, says: "The United States steamer Charleston and the Chilean ironclad Esmeralda are both in this port. The Esmeralda's captain spoke the Charleston and said to Captain Reiney that the Itata would not be taken unless the Esmeralda was sunk first."

"All right," said Reiney, "I have orders to take the Itata and will do so." The Itata is not yet in sight, but a fight is surely expected when she appears."

The Baltimore and San Francisco.

IQUIQUE, Chili, May 18.—The United States warship Baltimore, from Valparaiso, arrived here Saturday morning. The Baltimore and San Francisco will remain on this coast under the command of Admiral Brown. Admiral McCann, who is on board the Baltimore, will be transferred to the United States steamer Pensacola, which is expected here in a few days, and will then leave for the Atlantic.

Other Chilean Warships Expected.

CITY OF MEXICO, May 18.—El Universal, the only government organ which has so far made any mention of the arrival of the Esmeralda, at Acapulco, says that in addition to the Esmeralda other Chilean warships are expected at Mexican ports. An officer of the Esmeralda is reported as saying that the Itata is already out of danger, and that she has plenty of coal.

Knights of Pythias Encampment.

TOLEDO, O., May 18.—Gen. J. W. Green, commanding the Ohio brigade, Knights of Pythias, has issued orders for the brigade encampment to assemble at Presque Isle, Toledo, during the middle of the coming July. This is a splendid camp ground, and was used by the Second and Fourteenth regiments, O. N. G., last year. Toledo is making extensive preparations to entertain the visitors.

Newspaper Man Suddenly Called.

UPPER SANDUSKY, O., May 18.—Karl E. Brauns, foreman of The Republican office, and one of the most worthy young men of this city, died Saturday of quick consumption. He was aged 25 years.

CONSUL CORTE AT NEW ORLEANS.

Mayor Shakespeare Requests That His Recall Be Asked For.

NEW ORLEANS, May 18.—Mayor Shakespeare has addressed a letter to Governor Nicholls, in which he calls attention to the course of Consul Corte since the lynching of the Italians, and asks that the consul's exequatur be recalled. The letter concludes as follows:

If, as Italian consul, Mr. Corte has ever had any usefulness here he has outlived it, and has become, through his own acts, not only an unacceptable person but an element of danger to this community; in that, by his utterances, he incites his inflammable people to riot or sudden opposition to the laws and customs of a country they have sought as an asylum. Being the depository, as he confesses himself to be, of criminal secrets relating to individuals of his own race resident among us, he refuses to give to the department of police and justice the information he has, and thereby increases the danger to the community from these criminals.

For these reasons I have the honor to request that you ask of the honorable secretary of state at Washington the recall of Consul Corte's exequatur by the president.

Warning to the Mafia Leaders.

Henry Peters, a stevedore, went to the city hall Saturday and complained to Mayor Shakespeare that the Provenzanos were interfering with him on the levee, and intimidating his laborers. He was advised to make an affidavit against the Provenzanos. The affidavit was made, the Provenzano brothers arrested and held under \$200. The mayor sent a message to the two Provenzanos, Joe and Peter, directing them to call on him at once. Joe came and the mayor gave him a long lecture, warning him that his intimidations and other unlawful acts must cease at once and forever, or that he and his society of assassins would be wiped entirely off the earth. The Provenzanos, it was charged by Rev. Father Manoritta, were at the head of the Mafia society.

Consul Corte in Washington.

WASHINGTON, May 18.—Signor Corte, Italian consul at New Orleans, arrived here last night. He declined, however, to be interviewed about his recall, pleading the fatigue of the trip as a reason for not talking.

DOWN A HUNDRED FEET.

Accident to a Train on the Long Island Road—Two Lives Lost.

NEW YORK, May 18.—An accident occurred Sunday night on the Long Island railroad at Greenville, L. I., which resulted in the loss of two lives and the injuring of three other persons, one of whom may die. There were but few passengers on board.

What caused the accident is not clear. When the train reached Greenville the locomotive suddenly jumped the rails and plunged down an embankment 100 feet high, dragging the passenger coach after it. All hands on board went down with the train. Engineer Frank Coombs and an unknown man who was in the cab with him lost their lives.

The engine, as she went over the embankment, landed on her side, and the fireman, Michael Riorday, was fearfully scalded. The locomotive left the track so suddenly that Coombs did not have an opportunity to reverse the engine. It is not known whether the train was going at a full rate of speed at the time. Conductor Jones and his brakeman were also badly injured.

DISTRESS IN NEW MEXICO.

Two Thousand People Made Homeless by Flood Along the Rio Grande.

SANTA FE, N. M., May 18.—Sheriff Luna, of Valencia county, reports over 2,000 people homeless in this county on the east bank of the Rio Grande opposite Los Lunas, the county seat of the county. Their houses and crops have been destroyed by the flood in the Rio Grande. The river is now slowly falling.

Century Plant About to Bloom.

FORT WAYNE, Ind., May 18.—For over forty years ex-Mayor W. P. Randall had among his collections in his conservatory a century plant, which he brought from Mexico nearly a half century ago. Two weeks ago Mr. Randall noticed the plant had taken on sudden and vigorous growth, so much so that it pushed its way through the conservatory, breaking the glass. A shoot from the center of the plant has grown four feet in two weeks' time, and it shows every evidence of blooming very shortly. Ex-Mayor Randall believes that his will have been the first century plant to bloom in Indiana.

Injured in a Circus Row.

PITTSBURGH, May 18.—A row occurred at a ten cent circus in Pittsburg between a lot of hoodlums and the circus employes. Bricks, cobble stones and clubs were hurled through the canvas, and painfully injured a number of people. The audience became panic-stricken, and made a rush for the exits. The cut gut ropes permitted the side poles to fall down. The canvas collapsed, and caught fire from the gasoline lights on the center poles. The people became frantic in their efforts to escape, and many were severely trampled upon. Fifteen persons were more or less injured.

Disaster Due to Train Wreckers.

COLUMBUS, Wis., May 18.—The disaster to the vestibule train on the St. Paul road Friday night was due to train wreckers. At the time the accident occurred the train was descending a steep grade at a speed of fifty miles an hour when the engine encountered a heavy tie and plank placed upon the track by some unknown person and immediately bounded from the rails followed by the mail and baggage cars.

NEWARK, O., May 18.—William Shields, Sr., a resident of this city since 1842, died at his home Saturday afternoon, in the 77th year of his age.

EVENING BULLETIN.

DAILY, EXCEPT SUNDAY.

ROSSER & McCARTHY,
Proprietors.

MONDAY, MAY 18, 1891.

The Republicans of Carter and Fayette Counties instructed for Denny for Governor Saturday. The Denny crowd may prove strong enough to make a fight against Bradley.

GEORGE CHENAULT was convicted at Winchester early last week and sentenced to the penitentiary for one year. Saturday he was pardoned by Governor Buckner. This wholesale pardon and parole business is simply encouraging crime.

The Cincinnati Enquirer thinks Hon. John Young Brown managed his gubernatorial campaign in an admirable manner and made no enemies. "Take, for example, the matter of the contested delegations from Kenton and Campbell counties—our neighbors across the river," remarks the Enquirer. "The Brown and Hardin men had control of the Committee of Credentials by seven to four; and yet they deliberately, coldly, advisedly let in fifty solid Clay votes, in order that they might not be charged with partiality. They were wise. The result shows it. Instead of the fierce fight which was expected, all was peace and unanimity. Everybody is contented, and Mr. Brown will receive one of the largest votes that Kentucky ever cast for Governor."

Mr. Brown's campaign was conducted on a high plain. He did not resort to the petty tricks and contemptible devices of the little politicians of the these days, but everything he did was done in an honorable, upright manner. The Democracy acted wisely in selecting him for standard-bearer. He is a man whom all will delight in honoring, and as the Enquirer asserts, he will receive "one of the largest votes that Kentucky ever cast for Governor."

Maysville Fair Company.

To the Citizens of Maysville: The Maysville Fair Company sustained, in February, a very great loss by the burning of their grand stand, stables, &c., on which they received \$9,000 insurance. They have contracted and are building a new stand, which when completed will cost at least \$12,000. They are building two hundred new box stalls, which will cost \$2,000. In addition to the above, other much-needed improvements are being made, such as resoling the track, new fencing, a wind mill, &c., at a cost of about \$1,500. Thus, it will be seen the fair company when these improvements are completed will have a debt of \$6,500. The company are very anxious to comply with the wishes of our citizens in the building of a handsome floral hall, but with the heavy debt they have already contracted, and the fact that last year's fair was not a financial success on account of rainy weather, they do not feel able to build this hall unless the citizens of Maysville subscribe liberally. A committee will solicit subscriptions in the next few days, and hope to meet with good success.

Circuit Court.

The case of Stanton versus City of Maysville was re-docketed and the judgment heretofore rendered set aside and new trial granted.

Sheriff Alexander was allowed an account of \$34.30 for services rendered. Jailer Kirk was allowed an account of \$217 for services rendered.

In the case of the Commonwealth against Augustus and Samuel C. Sullivan the defendants gave bail in the sum of \$5,000 each and were released from custody. Their sureties are Garrett Sullivan and W. H. Wadsworth.

Lydia Clayton was granted a divorce from Jeff D. Clayton.

In the cases of Calvin Crowell and Elizabeth A. Adams against the C. & O. and M. & B. S. railway companies, the defendants were granted until the 7th of next term to prepare and file bills of exceptions.

Court adjourned till court in course.

BABY IS SICK—The woeful expression of a Des Moines teamster's countenance showed his deep anxiety was not entirely without cause, when he enquired of a druggist of the same city, what was best to give a baby for a cold? It was not necessary for him to say more, his countenance showed that the pet of the family if not the idol of his life, was in distress. "We give our baby Chamberlain's Cough Remedy," was the druggist's answer. "I don't like to give the baby such strong medicine," said the teamster. "You know John Oleson, of the Watters-Talbot Printing Co., don't you?" inquired the druggist. "His baby, when eighteen months old, got hold of a bottle of Chamberlain's Cough Remedy and drank the whole of it. Of course it made the baby vomit very freely, but did not injure it in the least, and what is more, it cured the baby's cold. The teamster readily knew the value of the Remedy, having used it himself, and was now satisfied that there was no danger in giving it to a baby. For sale by Power & Reynolds.

COMPLETED.

The Democratic State Ticket, and
It is a Most Excellent
One.

Norman, Hale, Swango, Thompson and
Addams Winners—Closing
Scenes.

The Democratic State convention finished its work Saturday evening at five o'clock and adjourned *sine die*.

The ticket throughout is a most excellent one. Here it is:

Governor—John Young Brown, of Henderson. Lieutenant Governor—M. C. Alford, of Fayette. Attorney-General—W. J. Hendrick, of Fleming. Auditor—L. C. Norman, of Boone. Treasurer—Henry S. Hale, of Graves. Register of Land—G. B. Swango, of Wolfe. Superintendent Public Instruction—Edward P. Thompson, of Owen. Clerk Court of Appeals—Abraham Addams, of Harrison.

When the convention reassembled Saturday morning, L. C. Norman, James Blackburn, R. C. Warren and Charles S. Green were placed in nomination for Auditor. Norman took the lead from the start and was nominated on the first ballot. He received 515 votes, Warren 152, Green 145 and Blackburn 106. Green, Blackburn and Warren realized before the ballot was completed that they were not in it, and their friends attempted to withdraw their names, but the Chair refused to allow this done.

Major Henry S. Hale, of Graves County, had a walkover in the race for Treasurer. His name was the only one presented to the convention, and he was given the nomination by acclamation.

The contest over the insignificant position of Register of the Land Office developed into a bitter wrangle, and was the warmest during the convention. The candidates were Thomas H. Corbett, of Ballard; Alex. Grant, of Franklin; Thomas B. Bullock, of Lewis; G. B. Swango, of Wolfe; Ed. McGrath, of Campbell. The first ballot resulted: Corbett, 329; Swango, 236; Grant, 191; Bullock, 91; McGrath, 61. During the second ballot Bullock's name was withdrawn and most of his strength went to Swango. There was great confusion and the Chair ordered a recapitulation.

During this, however, Grant's name was withdrawn, and Franklin County's twelve votes went to Swango, and the recapitulation had to begin over again. The Louisville votes went largely to Swango, and the Sixth Congressional (Covington) district went to him solidly. Warren County wished to change her eighteen votes to Corbett, which, according to private counts, would have elected him, but the Chairman refused to allow any further changes until the ballot was completed. While the Clerk was figuring up the result of the second ballot the Corbett men found by private counts that Swango was elected, and at once the wildest confusion and excitement reigned. In a moment several hundred Corbett supporters crowded up in front of the stage, threatening the the Chairman by the most violent demonstrations. One Corbett man, backed up by several who were more excited than the rest, attempted to get upon the stage. It was an exceedingly bold movement, and fraught with much danger, but policemen, who were in readiness, stepped forward and checked the advance. The interference of the police looked for a moment as if it was going to precipitate trouble, but the war cloud quickly subsided.

The Chairman finally announced that he would allow the convention to vote on the correctness of his ruling before he announced the result of the ballot. It was finally agreed to take the ballot over. At last the troublesome ballot was announced. It stood: Swango, 471; Corbett, 445.

Captain Ed Porter Thompson, of "Sweet Owen," won the nomination for Superintendent of Public Instruction on the first ballot. His opponents were J. W. Furnish, of Lyon; J. J. Glenn, of Union; Z. F. Smith, of Louisville; G. C. Overstreet, of Spencer, and John O. Hodges, of Fayette. Before the roll of counties had proceeded far it was seen to be a foregone conclusion for Thompson, and Smith's name was withdrawn. This was followed by the withdrawal of Thompson's other competitors one by one until only his name was left, and the nomination was made by acclamation.

For Clerk of the Court of Appeals, Hon. George Washington, of Newport, placed in nomination Abram Addams, of Harrison, a brother of Mrs. Longmoor, widow of the late Appellate Clerk, in a speech full of eloquence and sentiment. The other candidates presented were John D. Shaw, of Trigg, and James B. Martin, of Barren. It was soon seen that Addams would be nominated and Shaw was withdrawn. The ballot resulted: Addams, 567; Martin, 289, and Shaw, 62. Addams' nomination was made unanimous, and this completed the ticket.

The Ladies Delighted.

The pleasant effect and the perfect safety with which ladies may use the liquid fruit laxative, Syrup of Figs, under all conditions make it their favorite remedy. It is pleasing to the eye and to the taste, gentle, yet effectual in acting on the kidneys, liver and bowels.

A Great Match Race.

On next Thursday afternoon at 4 o'clock there will be trotted the greatest green race of the season at the Maysville fair grounds between the two leading roadsters of Maysville, owned by D. Hechinger and Thomas A. Keith. Owners to drive. All are invited. No cards.

Attention, Sir Knights.

All Sir Knights of Maysville Commandery No. 10 who propose to attend the annual convocation at Frankfort, Ky., on May 27th, are requested to meet at our asylum to-morrow (Tuesday) evening at 7 o'clock for drill.

T. A. Keith, Drill Master.

Frost in Fleming County was not all killed by the recent frosts. Grapes suffered most.

Tobacco plants throughout the county, as far as we can learn, are looking extremely well, considering the dry weather.

STRUCK BY THE FAST FLYER.

"Aunt" Anna Dixon, an Old Colored Woman, Instantly Killed Last Saturday.

"Aunt" Anna Dixon, an old colored woman who lived in Chester, met with a violent death late Saturday afternoon.

While crossing the C. and O. track, she was struck by the westbound F. F. V. and almost instantly killed.

The accident occurred just east of Union street. The unfortunate woman was partially deaf, and she had been warned time and again about walking on the road. She paid little heed to these warnings, however. She was in the habit of wandering up and down the road collecting old shoes, tin cans, &c., and on Saturday afternoon was seen seated on the track.

Some parties who were passing told her the train was almost due. They went their way and she remained seated in her dangerous position.

Shortly after, the train came in sight. The engineer gave the warning signal, and the old woman got up and started to step off on the north side of the rails, but she suddenly turned and attempted to get back on the south side. It was a fatal move. The train was running fast, and before the engineer could slow up, the woman was struck and hurled several feet in the air. Her skull was crushed and her body badly mangled.

This section was visited by another cool wave Saturday evening and there was a heavy frost Sunday morning and again this morning. The temperature was nearly down to freezing this morning.

INVITATIONS are out announcing the marriage of Miss Adella Fay Long, daughter of J. Mat Long, formerly of this city, but now of St. Louis, to Joseph Vincent, of that city. The groom is said to be very wealthy, and the bridal trip contemplates a tour of Europe.

PROFESSOR KNOLL and Miss McNeil, the cornet duettists and soloists, will give a concert at the First Baptist Church May 25th. They will be assisted by Mrs. Kathryn Boughner, a talented vocalist of Covington, and Mr. W. Frank Cady, a well-known elocutionist of Cincinnati, formerly of this city.

THE wife of one of Maysville's young business men had a valuable diamond ring stolen a few days ago. The case was placed in Captain Hefflin's hands, and thirty minutes afterwards he had recovered the ring and turned it over to the owner. It had been stolen by a little colored girl who worked about the house.

THE beauty of "Liver View Terrace" will be still further enhanced when the design of the owners is carried out to run a side-walk from Shultz street inside the stonewall, thence through E. P. Browning's property and continue same down to the old gas works. This with the grading of Shultz street will make these lots by far the most desirable for residences in the city.

C. H. BALSLEY, JR., and E. M. Porter, of Connellsville, Pa., have patented a current regulator for incandescent electric lamps, by means of which the light may be increased or diminished at will. The invention consists of a switch provided with a number of sections, each section being provided with resistance which is cut out or put in the circuit by turning the switch. By means of this invention an incandescent electric lamp may be turned up or down in much the same manner as gas.

THE C. and O. excursion yesterday went into Cincinnati with nearly 1,000 people. Sixty-three tickets were sold here. Between three and four hundred people were turned away along the route, for want of accommodations. Four coaches were added at this place.

This being the season for step ladders, all lengths from three to ten feet long are in stock. Also wire screen doors and windows, self-adjusting. The "Matchless" hold-back spring hinge, the very best ever made. All of the above sold by Frank Owens Hardware Company.

A BEAUTIFUL lawn or front yard is admired by all. The lawn mower is a fixed fact. Buy a Champion. It has less machinery to get out of order than any other. It is the best cutter made. Frank Owens Hardware Company sells this machine. Their third order made this season for them.

CLARENCE OLDHAM was detected early yesterday morning, by Night Watchman Driscoll, in the act of burglarizing A. Bona's store. His trial is set for this afternoon at 2 o'clock. This is not his first offense. The community sympathizes with his parents in the suffering he has caused them.

MINER'S MAXIMS.

False colors won't wash, and you take a good deal of risk when you sail under them.

It doesn't take a bad shoe long to expose its true character. A little wear and tear make the revelation, and the worst of it is that you can do nothing with it. If you can tolerate it, your patience must be inexhaustible.

We are not content with one transaction with a customer. Our rule is to make one purchase insure another, and that's why we take care to tell you just what you are buying.

A shoe which will not cost you much, and yet which will give you abundant satisfaction, is our \$2.50 Ladies' Button, made of fine Dongola, with medium weight flexible soles, with the style and appearance of a much higher priced shoe.

We also have these in Hand Turns at \$2.50. This makes a most pleasant shoe for summer wear.

These two lines are the best medium priced shoes in the market. They will wear 25 per cent. better than any other shoes sold at the same price and are fully warranted in all the claims made for them.

Is not this worthy of your consideration?

SMOLDERING RUINS.

Muskegon, Mich., the Scene of a Great Conflagration.

LOSS A HALF MILLION DOLLARS.

Twenty Blocks of Business and Residence Buildings Destroyed, and Hundreds of Families Are in Consequence Homeless—Much of the Property Not Insured.

MUSKEGON, Mich., May 18.—To-day twenty blocks of business houses and dwellings of this city are in smoldering ruins. The total number of dwellings burned was 350. The total loss is \$500,000. The total insurance is unobtainable. Many of the burned places have no insurance. Hundreds of families are thrust upon their friends for accommodations.

Where the Fire Was First Discovered.
The fire started at 3:30 o'clock Saturday evening, in the Langkell hotel barns, just off Pine street, from some unknown cause, and aided by a strong wind, swept away ten blocks up Pine street, one of the chief business streets of the city. Then, by a sudden shift of the wind, the flames were driven toward Terrace avenue, one of finest residence streets in the city, where many houses were destroyed.

Danger to Firemen.
By 9 o'clock the fire had reached the southern district of the city, where there was more space between the houses, and the firemen succeeded in considerably reducing the progress of the flames. As the high buildings burned there was great danger from flying firebrands, and the firemen were obliged to continually shift their positions. The Grand Rapids engines were put to work as soon as they arrived.

The Valuable Buildings Destroyed.
Among the more valuable structures wiped out were the Pine Street house, Eckerman's drug store, Matthew Wilson's residence, Sedwick's wholesale store, McMichael's shoe store and the Langkell hotel.

The \$100,000 court house was also destroyed, but its public documents were saved. Prisoners in the county jail, which occupied the basement of the court house, were liberated.

Several cows and horses were burned, and a little child, who was sleeping in the Langkell house barns where the fire started, is missing.

One Death Caused By the Disaster.
Among the sad incidents connected with the fire was the death of Harry Stevens, assistant postmaster, the son of Postmaster Stevens. He was very ill with pneumonia, and the flames made it necessary to remove him to a place of safety, and he died while being carried through the streets.

ORDER OF ELKS.

Meeting of the Grand Lodge at Louisville, Kentucky.

LOUISVILLE, May 18.—The grand lodge meeting of the Order of Elks began here yesterday with the dedication of the "Elk's Rest" at Cave Hill cemetery. The feature of the occasion was the unveiling of a life size bronze statue of an Elk. The dedicatory services were conducted by Grand Exalted Ruler Dr. Simon Quinlan, of Chicago. Judge Hoke, of Louisville, delivered the oration.

Delegations from New York, Boston, Hartford, Conn.; Pittsburg, Chicago, Indianapolis, Cincinnati, Detroit, Columbus, O.; New Orleans, Atlanta, Ga., and other cities to the number of 2,500 participated in the services.

The regular meeting of the grand lodge began to-day. The city council has adopted a resolution declaring Monday, May 18, "Elks' day." The day was inaugurated by a grand parade of the visiting Elks and local militia and the firing of an artillery salute at sunrise.

FATAL COLLISION.

Passenger and Freight Trains Come Together at Huntington, Ind.

HUNTINGTON, Ind., May 18.—Passenger train No. 4, of the Chicago and Atlantic railway, collided with a freight train at this place at 1 o'clock Saturday morning. Engineer Cal. Lyons, of the passenger, was instantly killed, and Fireman David Griffith, of the freight, was badly injured.

The passengers escaped without any of them being very seriously hurt. Both engines are almost total wrecks. The collision was caused by the air-brakes on the passenger failing to work.

The air pipes had been tampered with by some unknown person, and two tramps who were caught stealing a ride have been arrested on suspicion of knowing something about it. Mr. Lyons leaves a widow and two children. Mr. Griffith has a wife, but no children.

Escaped Prisoner Rearrested.

DAYTON, O., May 18.—Ed Simpson, the prisoner who was arrested here by Sheriff Miller, of Martinsburg, W. Va., and who subsequently escaped from the sheriff at the depot with a pair of handcuffs on his wrists, was arrested again Saturday by a deputy sheriff. Simpson was wanted in West Virginia for cutting a man's throat with a pocket-knife. He jumped his bail and came here, where he went to work for a farmer six miles south of the city. When he escaped he found a file in a field where a farmer had been sharpening a plow, stuck the end of the file between the ends of the rails on the railroad and filed the handcuffs off and went back to work for the farmer, where he was arrested Saturday.

Two Fatal Accidents.

ST. MARY'S, O., May 18.—Mrs. B. Post, an aged lady, living near St. Anthony, Mercer county, was thrown from a buggy in a runaway accident, falling on her head and sustaining fatal injuries.

David Whitell, a respected farmer living near Fort Recovery, Mercer county, was kicked in the stomach by an unruly horse and so badly injured internally that his life is despaired of.

Passenger Train Wrecked.

ST. LOUIS, May 18.—A passenger train on the Wabash is reported wrecked near the city. No particulars as yet.

EXECUTOR'S SALE,

The undersigned will sell on Friday, June 5, '01, on the premises, one mile south of Minerva, in Mason County, all the real estate of the late James M. Heatt to the highest eligible bidder. This property consists of one tract of land containing one hundred and thirty-seven acres. The land is well watered and in the highest state of cultivation, three-fourths of it now is in grass. It is noted as first-class tobacco land, and nearly all of it is now in condition to produce as fine and as much tobacco per acre as any land in the county. There are six or eight acres of woodland, the fencing is first-class, being nearly all four wire picket or hedge. The other improvements consist of one two-story frame dwelling, containing three rooms and hall below and two rooms and hall above and two splendid cellars, summer kitchen, smoke house, hen house, carriage house, ice house, large and commodious stables and two No. 1 frame 40x60 tobacco barns. Fine orchard, good cistern and well, and abundance of good tobacco sticks.

The purchaser will be required to pay five hundred dollars down as an earnest of intention to comply with contract. Terms of sale further than this will be easy and made known on day of sale. Full possession will be given the first day of March, 1902. The purchaser will have privilege of seeing this fall. The undersigned will take pleasure in giving any further information, either written or verbal, and are ready at all times to show parties over the premises when called upon. Address all inquiries to Byar & Weaver, Minerva, Mason County, Ky. Sale at 2 p. m.
